In PN 140 I included a selection of photos taken by Keith Houlden [KHc]. I had hoped for a better take up on these so I assume the subject matter (Lincs and Yorks) is already well covered?

Well, that's it from me for this year.

Here's hoping everybody stays clear to all the bugs and ailments that are doing the rounds.

Best wishes for the festive season and good fortune in the coming New Year.

Please make cheques or Postal Orders payable to "ATPH" but leave the Postal Orders UNCROSSED so that we can use them in the Post Office to pay for postage. If you wish you can also pay with English banknotes but, please, *no coin*. Thanks.

All photos sold subject to the terms and conditions of the NA3T.

Progress? What progress?

Well, I guess if you are going to make a mistake make it so big that only one person spots it! Well spotted Gareth and thank you for pointing it out.

The mistake? I forgot to update the catalogue numbers on the order form. The knock on from that was, when I started to do the scanning and Photoshop work on any that needed it, (working from the order form) I found they had all been done. Great I thought, I can get on with scanning aircraft for the web site. The bomb shell exploded when I opened Gareth's order the day the deadline passed and I discovered that I now had at least three weeks of scanning etc ahead of me.

So, a big thank you to everyone for not asking where your photos were. At least I am now likely to check my work in more detail in the future.

For this issue I have deliberately extended the time to the next deadline. This is mainly because the Christmas / New Year period is normally fairly crowded with family commitments etc and this year looks as if it will be even more so.
